The Haircut

One day a florist goes to a barber for a haircut. After the cut he asked about his bill, and the barber replies, 'I cannot accept money from you. I'm doing community service this week.' The florist was pleased and left the shop.

When the barber goes to open his shop the next morning there is a 'thank you' card and a dozen roses waiting for him at his door. Later, a cop comes in for a haircut, and when he tries to pay his Bill, the barber again replies, 'I cannot accept money from you. I'm doing community service this week.' The cop is happy and leaves the shop.

The next morning when the barber goes to open up there is a 'thank You card and a dozen donuts waiting for him at his door.

Later that day, a college professor comes in for a haircut, and when He tries to pay his bill, the barber again replies, 'I cannot accept Money from you. I'm doing community service this week.' The professor is Very happy and leaves the shop.

The next morning when the barber opens his shop, there is a 'thank You card and a dozen different books, such as 'How to Improve Your Business' and 'Becoming More Successful.'

Then, a Congressman comes in for a haircut, and when he goes to pay His bill the barber again replies , 'I cannot accept money from you. I'm doing community service this week.' The Congressman is very happy and leaves the shop.

The next morning when the barber goes to open up, there are a dozen Congressmen lined up waiting for a free haircut. And that, my friends, illustrates the fundamental difference between the citizens of our country and the members of our Congress.

Did You Vote carefully this year?

FISHING WITH SID...This past Friday Oct. 24th I took Tom out for the day. We headed out towards the ranch house at first light. We trolled from the Narrows towards the two points at the Ranch house. There was no surface activity in fact the water was very calm almost too calm. It stayed that way most of the day. We could see the bass but catching them was a different story. We tried everything but could not entice them to bite until we tried a River2Sea jerk bait which finally produced a few small bass. We trolled to the vineyards and being the water is so low we saw a lot of structure which should be helpful in the future. It was a real slow day for us. On Saturday it improved a little more but not much. Albert and I had a little more luck trolling. Albert landed a brown trout as we were heading out of the marina and sure enough as we were heading back into the marina he landed another nice trout. We tried our crappie tree that had been so successful last weekend but to no avail. My friend Al from Pacifica called me and told me he had nine bites on Friday and landed four and on Saturday he caught fourteen bass on jigs fishing Putah Creek along the points. Sunday I took his advice and went out for a few hours and ended up landing six bass, two using brass & glass with a watermelon black fleck senko with six pound Pline and Procure crawdad scent, two on a River2Sea crawdad and two on floating tube bait with splitshot. All my bass were caught on the bottom using a very slow retrieve. There was no surface activity around me all day. It was a tough weekend but still had a lot of fun. Hope you enjoy the photos. 'til nexttime.....good fishing!!!!

Ah, great it is to believe the dream as we
Standin youth by the starry stream;
But a greater thing is to fight life through
And say at the end, the dream is true!

May the sun always shine on your windowpane;
May a rainbow be certain to follow each rain.
May the hand of a friend always be near you;

"I believe that banking institutions are more dangerous to our liberties

control the issue of their currency, first by inflation, then by deflation,
