at Lake Berryessa**

FX10 LLC, the renamed current operator of the Markley Cove concession area, submitted a successful offer to operate Markley Cove Resort, the southernmost concession area and the site closest to the City of Winters. FX10 LLC is headquartered in Winters, California, and is owned by Mr. and Mrs. John and Linda Frazier. □

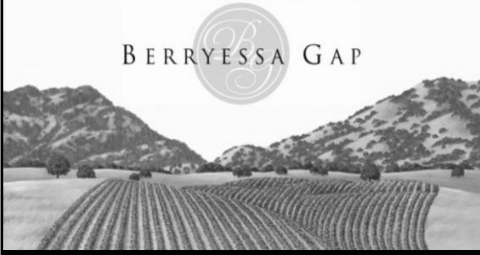

Pleasure Cove Marina LLC, the current operator of the Pleasure Cove concession area, submitted a successful offer to operate Pleasure Cove Marina. Pleasure Cove Marina LLC, a Forever Resorts Property, is headquartered in Scottsdale, Arizona, and is owned by Mr. Rex Maughan. □

Pensus Group LLC submitted a successful offer to operate the Steele Park, Spanish Flat, Lake Berryessa Marina, Rancho Monticello, and Putah Creek concession areas under one contract. The Pensus Group LLC is headquartered in Paradise Valley, Arizona, and is owned by Mr. David Maule-Ffinch.

"We are pleased with the proposals presented by these three companies," said Mr. Michael Finnegan, Acting Regional Director, Mid-Pacific Region. "The proposals will provide Lake Berryessa visitors with improved facilities, enhanced recreational opportunities, and a safe visitor experience at the lake."

Mr. Finnegan added, "Reclamation intends for recreation at Lake Berryessa to continue essentially uninterrupted, other than occasional temporary closures in various locations for developmental activities." Reclamation anticipates that the new contracts will be signed within the next few months.

**“Who named America?”
by Pope Valley School**

In celebration of National Geography Month Pope Valley School went the distance. A week of researching America Vespucci and his life taught the students where the name America originated. In short, no better people to tell you about Amerigo Vespucci and his life than some of Pope Valley's 7/8th grade students. Maria, "Amerigo Vespucci was born on 1454 in Florence, Italy. He was born into a rich family." Elaine, "Amerigo Vespucci outfitted Columbus' 3rd. voyage." Paola, "Amerigo Vespucci once predicted the circumference around the earth to within 50 miles." (FYI the circumference of the world is about 25,000 miles) Estefani, "Amerigo's name was changed to America because it was needed to end with an "a" like Asia and Africa." Principal & Middle School Teacher, Florence Eaton, "Knowing about Amerigo Vespucci and Martin Waldseemuller is a regular part of the 7th and 8th grade curriculum. Celebrating, "Who named America Day?" added excitement and fun.

Love From Your In-Laws

Time passes, Life happens
Distance separates, Children grow up
Jobs come and go
Love waxes and wanes.
Hearts break, Colleagues forget favors
Careers end. BUT.....
Moms Are Always There
no matter how much time and how
many miles are between you.
When you have to walk that lonesome valley and you
have to walk it by yourself, the women in your life
will be on the valley's rim, cheering you on,
praying for you, pulling for you, intervening on
your behalf, and waiting with open arms at the
valley's end.
Sometimes, they will even break the rules and walk
beside you...Or come in and carry you out.
Girlfriends, daughters, granddaughters,
daughters-in-law, sisters, sisters-in-law, Mothers,
Grandmothers, aunties, nieces, cousins, and extended
family, all bless our life!

Mosquitoes/They are a coming.

I tried this on my deck and around all of my doors. It works - in fact, it killed them instantly. I bought my bottle from Target and it cost me \$1.89. It really doesn't take much, and it is a big bottle, too; so it is not as expensive to use as the can of spray you buy that doesn't last 30 minutes. So, try this. It will last a couple of days.. Don't spray directly on a wood door (like your front door), but spray around the frame. Spray around the window frames.

STORM OLIVE RANCH

Bonnie bought here place in 1992, . Not in Lower Chiles Valley, but right in the middle of Chiles Valley. Imported about 1,000. trees in 1994 and after over wintering them in my greenhouse/barn I planted them in 1995. I have been making gold medal extra virgin olive oil ever since. The trees came from a nursery in Tuscany, hence the fruity, green, peppery oil. I was the first American olive oil producer to win a gold medal in Italy in 1998, the "Orciolo d'Oro" in Ravenna, Italy. I am a five time gold medal winner at the L.A. County Fair, the Yolo County Fair, and many others. So it's pretty good stuff.

I do all the farming myself except for harvest and pruning. I have a friend in the food business who helps me with sales and shipping and I am sold all over the country, from Dean and Deluca and Sunshine Market in St. Helena to places like New York City, Montana, Atlanta, Las Vegas, etc. Top chefs use my oil in their restaurants including Bradley Ogden who has restaurants in California and Las Vegas.

I am a "pesticide free" farmer and even graze my horses in the main grove behind my barn to eliminate mowing with heavy equipment. Plus, the horses love it. What else? It keeps me busy and is a very satisfying thing to do. I absolutely love olive oil and love living surrounded by these very cool and beautiful trees. I speak to them in Italian!

LAKE BERRYESSA CHAMBER OF COMMERCE

On an Electrician's truck:
"Let us remove your shorts."

Emmanuel “Litto” Damonte started collecting hubcaps in the 1930’s when all types of caps were knocked loose while driving on the unpaved roads of the region. Today, the “Hubcap Ranch” has got to be the oddest, shiniest roadside attraction in Northern CA. Located off the Silverado Trail between Napa and Calistoga in the eastern Napa Valley; the hubcap collection adorns over a ¼ mile of fence. Shining orbs are affixed to fence posts, hanging off tree limbs, framing tractor tires and covering the numerous barns on property. “Litto’s” little collection has grown to an eclectic arrangement of over 12,000 hubcaps, bottles and pull tops – with a fair sprinkling of signs, glass and other miscellaneous items. In 1897, California named the “Hubcap Ranch” a Historic Landmark, claiming that it is an exceptional example of 20th Century Folk Art. Some, however, have identified this type of attraction as a “taste free” zone. And a publication from the Putah-Cache Bioregion Project printed that “such an intense density of shiny, round road paraphernalia could also be considered a collection of mandalas, reminding us that if we got here by car, we are always connected by the asphalt umbilical to the mainstream of American culture” – wow, man...far out! The “Hubcap Ranch” is located at 6654 Pope Valley Rd, Pope Valley CA –

In a Nonsmoking Area:
"If we see smoke, we will assume you are on fire and take appropriate action."

FISHIN WITH DINO

Hot weather sent the lake surface temperature to 70 degree mark. The fish are down in 20 to 40 foot depths or deeper. Skiers Cove shoreline is doing great! Slow signs of crappie are hitting jigs or minnows. No signs of catfish yet, but warmer water temps should improve the catfishing. Bass are hitting plastics off rocky points. Water temperature this morning was 71 degrees.

MOUTH WASH!!

I tried this on my deck and around all of my doors. It works - in fact, it killed them instantly. I bought my bottle from Target and it cost me \$1.89. It really doesn't take much, and it is a big bottle, too; so it is not as expensive to use as the can of spray you buy that doesn't last 30minutes. So, try this. It will last a couple of days.. Don't spray directly on a wood door (like your front door), but spray around the frame. Spray around the window frames.

FISHING with SID

It was an extremely hot weekend at the lake. Friday night I went out from 6:00 PM to 11:00 PM and caught over 40 bass mostly on top water. Some of the bass was as big as the "chugger" (see photo). I also used weightless senko (watermelon with black specks) and that worked pretty well. There was no real size to the bass most were in the 1.5 to 2.5 pound range but it was alot of fun especially the top water bites. Saturday I met up with my family in a cove near the BOR that had a long point going into the water which was ideal for fishing from the shore. I fished the shoreline with my weightless senko and "Procure" crawdad scent which made a difference in the numbers I caught versus my sons who used the same set up but without the crawdad scent. All along the shoreline you could see the "fries" (baby bass) swimming in the grass. There were millions of them. Sunday I spent the day on the dock fishing for carp and catfish. I was joined by a few of my neighbors at the dock and we all had a good time catching carp up to 10 pounds (see photos).

'til next week.....good fishing!!!!!!!

The Duck & the Devil

There was a little boy visiting his grandparents on their farm.

He was given a slingshot to play with out in the woods.

He practiced in the woods, but he could never hit the target.

Getting a little discouraged, he headed back for dinner.

As he was walking back he saw Grandma's pet duck. Just out of impulse, he let the slingshot fly, hit the duck square in the head and killed it. He was shocked and grieved! In a panic, he hid the dead duck in the wood pile, only to see his sister watching! Sally had seen it all, but she said nothing. After lunch the next day Grandma said, "Sally, let's wash the dishes." But Sally said, "Grandma, Johnny told me he wanted to help in the kitchen." Then she whispered to him, "Remember the duck?" So Johnny did the dishes.

Later that day, Grandpa asked if the children wanted to go fishing and Grandma said, "I'm sorry but I need Sally to help make supper."

Sally just smiled and said, "Well, that's all right because Johnny told me he wanted to help." She whispered again, "Remember the duck?" So Sally went fishing and Johnny stayed to help. After several days of Johnny doing both his chores and Sally's, he finally couldn't stand it any longer.

He came to Grandma and confessed that he had killed the duck. Grandma knelt down, gave him a hug and said, "Sweetheart, I know. You see, I was standing at the window and I saw the whole thing, but because I love you, I forgave you. I was just wondering how long you would let Sally make a slave of you."

Thought for the day and every day thereafter?

Whatever is in your past, whatever you have done... and the devil keeps throwing it up in your face (lying, cheating, debt, fear, bad habits, hatred, anger, bitterness, etc.)...whatever it is... You need to know that God was standing at the window and He saw the whole thing. He has seen your whole life. He wants you to know that He loves you and that you are forgiven.

He's just wondering how long you will let
the devil make a slave of you.

The great thing about God is that when you ask for forgiveness,

He not only forgives you, but He forgets.

It is by God's grace and mercy that we are saved.
